2016 Schedule M1C Instructions

What's New?

As a result of recent legislation, compensation received from a military pension or other military retirement pay as computed under United States Code, title 10, sections 1401 to 1414, 1447 to 1455, and 12733 may be subtracted from taxable income. If you subtracted this income on line 30 of Schedule M1M, *Income Additions and Subtractions*, you may not claim the credit for past military service on line 2 of this schedule.

Should I file this schedule?

Complete Schedule M1C, *Other Nonrefundable Credits*, if you (and/or your spouse if filing a joint return):

- paid premiums in 2016 for a qualified long-term care insurance policy for which you did not receive a full federal tax benefit;
- are a veteran separated from service and who served in the military for at least 20 years, has a 100 percent service related disability, or was honorably discharged and receive a military pension or other retirement pay for your service in the military and did not claim the subtraction for military pension or other military retirement pay on Schedule M1M;
- purchased transit passes to resell or give to your employees;
- paid Minnesota alternative minimum tax in prior years and are not required to pay it in 2016; or
- invested in a qualified business in East Grand Forks, Breckenridge, Dilworth, Moorhead, or Ortonville, and the business has been certified as qualified for the SEED Capital Investment Program.

Report the total of all credits from Schedule M1C on line 18 of Form M1. Include any schedules you completed when filing your return.

Line 1

Credit for Long-Term Care Insurance Premiums Paid (Schedule M1LTI)

You may be able to claim a credit against tax based on premiums you paid in 2016 for a qualified long-term care insurance policy for which you did not receive a full federal tax benefit.

To qualify, your long-term care insurance policy must:

- qualify as a federal deduction (see federal Schedule A of Form 1040), disregarding the income test; and

- have a lifetime long-term care benefit limit of \$100,000 or more.

The maximum Credit for Long-Term Care Insurance Premiums Paid is \$100 per person.

Part-year residents and nonresidents may also be eligible for the credit based on the percentage of income taxable to Minnesota.

If you qualify, complete Schedule M1LTI, *Long-Term Care Insurance Credit*. Enter the credit on line 1 of Schedule M1C, and include both schedules with your Form M1.

Line 2

Credit for Past Military Service

If you (and/or your spouse if filing a joint return) have separated from service and your federal adjusted gross income (from line 37 of Form 1040, line 21 of Form 1040A, or line 4 of Form 1040EZ) is less than \$37,500, you qualify for a credit if you:

- were honorably discharged and receive a military pension or other retirement pay for your service in the military;
- had served in the military for at least 20 years;
- have a service-related disability rated by the U.S. Department of Veterans' Affairs as being 100 percent total and permanent; or
- did not claim a subtraction for military pension or other military retirement pay on Schedule M1M, line 30.

If your federal adjusted gross income is:

- \$30,000 or less, enter \$750 on line 2 of Schedule M1C. (If you and your spouse both qualify for the credit and you are filing a joint return, enter \$1,500.)
- between \$30,000 and \$37,500, use the worksheet for line 2 to determine your credit amount.
- more than \$37,500, you do not qualify for this credit.

You may not claim this credit if you claimed the subtraction for military retirement pay on Schedule M1M.

Part-year residents and nonresidents may also be eligible for the credit based on the percentage of income taxable to Minnesota.

Line 3

Include the total amounts reported to you on:

- Schedule KS, line 10;
- Schedule KPI, line 10; and
